

Toroidal Power Transformer

Standard Series Specification

Rated Power	20-25000VA
Input Voltage	110V, 120V, 220V, 230V, 240V, 50/60Hz
Output Voltage	According to customer requests
Dimensions	According to customer requests
Mounting	1. Metal plate + Rubber washer + screw
	2. Center epoxy potted + screw
